Re: Your Property Damage

Dear Mr./Ms. {{lastname}},

You have come to the right law firm. Many firms do not assist their clients with property damage, as it is very time consuming, requires a lot of manpower and hours, and if your case does not proceed to litigation, is probably 30% of the work done on your case. {{FIRM_NAME}} as a courtesy does help you with your property damage claim and does not charge you a fee for doing so. Unless you had coverage for these damages under your own policy, the other party's carrier will not pay for rental fees and property damage until they confirm that their insured was 100% at fault. If they find you were in any way liable for the crash, they may deny fixing your vehicle and/or providing you a rental.

_____ I only have liability coverage and not collision coverage

_____ I have collision coverage and/or rental coverage and want to go through my insurance and pay my deductible. I understand that I will get my deductible back if the other party accepts liability for the crash.

_____ I do not have rental coverage

_____ The insurance company may not repair my vehicle or provide me with a rental.

_____ The police report takes between 10-30 days to be completed. For faster turnaround, you as the involved party in the crash can go to the police station and obtain the report. As such, if your car is in a tow yard, the car must be removed immediately because such expenses may not be reimbursed by the other party. Also leaving your vehicle in the tow yard for a long period of time, may cause your vehicle to be sold at auction and you may be liable for any residual impound/tow yard fees.

_____ A police report may take 10 days or longer, and I can go to the police station to obtain it.

_____ I have a duty to mitigate damages such as impound fees **and** my vehicle may be sold at auction if I fail to do so.

_____ If you have collision coverage and not liability on your insurance policy and need your vehicle repaired immediately or totaled out immediately, we can open a claim on your insurance policy and you will be responsible for your deductible.

_____ If you need a vehicle immediately and do not have the coverages mentioned above, our best advice is that you go online and rent a similar vehicle and keep your receipts. We will try our best to get those expenses reimbursed **only if** the other party accepts liability for the

The Centers for Medicare & Medicaid Services (CMS) is the federal agency that oversees the Medicare program. Many Medicare beneficiaries have other insurance in addition to their Medicare benefits. Sometimes, Medicare is supposed to pay after the other insurance. However, if certain other insurance delays payment, Medicare may make a "conditional payment" so as not to inconvenience the beneficiary and recover after the other insurance pays.

Section 111 of the Medicare, Medicaid and SCHIP Extension Act of 2007 (MMSEA), a new federal law that became effective January 1, 2009, requires that liability insurers (including self-insurers), no-fault insurers, and workers' compensation plans report specific information about Medicare beneficiaries who have other insurance coverage. This reporting is to assist CMS and other insurance plans to properly coordinate payment of benefits among plans so that your claims are paid promptly and correctly.

We are asking you to answer the questions below so that we may comply with this law.

Please review this picture of the Medicare card to determine if you have, or have ever had, a similar Medicare card.
