PROPERTY DAMAGE DISCLOSURE

Many firms do not assist their clients with property damage, as it is very time consuming, requires a lot of manpower and hours. You have come to the right law firm, {{FIRM_NAME}} as a courtesy does help you with your property damage claim and does not charge you a fee for doing so. Unless you had coverage for these damages under your own policy, the other party's carrier will not pay for rental fees and property damage until they confirm that their insured was 100% at fault.

If you have collision coverage and need your vehicle repaired immediately, we can open a claim on your insurance policy and you will be responsible for your deductible.

If you need a vehicle immediately and do not have the coverages mentioned below, our best advice is that you go online and rent a similar vehicle and keep your receipts. We will try our best to get those expenses reimbursed **only if** the other party accepts liability for the crash. Be advised, that the insurance company will not pay extra for expenses on the rental such as rental insurance and gas expenses.

_____ {{FIRM_NAME}} is not responsible for my property damage and is only assisting to mitigate the process.

_____ I understand that the insurance company may not repair my vehicle or provide me with a rental.

_____ I understand that I have a duty to mitigate damages, such as paying for my impound fees or my vehicle may be sold at auction if I fail to do so.

_____ I understand that I need a valid driver's license, insurance, and credit card to rent a car.

_____ I understand that the property damage process may take 30 days or longer.
