The **Centers for Medicare & Medicaid Services (CMS)**, is a federal agency that oversees the [Medicare](#) program. Many Medicare beneficiaries have other insurance in addition to their Medicare benefits. Sometimes, Medicare is supposed to pay after the other insurance. However, if certain other insurance delays payment, Medicare may make a “conditional payment” so as not to inconvenience the beneficiary and recover after the other insurance pays.

Section 111 of the Medicare, Medicaid and SCHIP Extension Act of 2007 (MMSEA), a new federal law that became effective January 1, 2009, requires that liability insurers (including self-insurers), no-fault insurers, and workers' compensation plans report specific information about Medicare beneficiaries who have other insurance coverage. This reporting is to assist CMS and other insurance plans to properly coordinate payment of the benefits among plans so that your claims are paid promptly and correctly.

We are asking you to answer the questions below so that we may comply with this law.
